

SUPERIOR FRESH *Organic* LEAFY GREENS

GREENHOUSE SAFE

Controlled environment agriculture (CEA) means safety and security. It also means year round fresh, seasonal product.

RECYCLED PACKAGING

Our packaging boasts 75% post consumer recycled material; each clam re-purposes single use recycled water bottles.

ORGANIC & NON-GMO

We are proud of our organic certification and what it means to our customers. Organic always means non-GMO.

CLOSER TO HOME

Your food shouldn't have to travel thousands of miles to your store's shelf. Superior Fresh brings food closer to home.

ORGANIC AQUAPONICS

Our organic farm partners with Mother Nature to sustainably grow organic plants and protein in natural harmony.

WATER CONSERVATION

Each salad saves about 10 gallons of water when compared to field lettuce. We recycle 99.9% of our water.

LAND RESTORATION

We are stewards of the land and have devoted our efforts to successfully restoring more than 800 acres to its natural habitat.

FAMILY FARMED

Family farmed means family values. We are dedicated to growing safe, delicious food for your family, and ours!

Greens

SO GOOD, YOU'LL CRAVE SECONDS.

This is how your organic salad should taste! Flavorful, tender, crisp, and delicious. A Superior Fresh salad offers a crave-able, nutritious experience that inspires the palate and delights the customer.

Let's talk lettuce.

ITEM	PACK SIZE	UPC	Ti-Hi	CASES/ PALLET
